

# GAME OF THRONES

TitanCon is proud to bring you a wealth of *Game of Thrones* panels, workshops and events throughout the day featuring the cast and crew members of the hit HBO show.

### GoT Discussion Panels

We have scheduled four *Game of Thrones* discussion panels throughout the day. At time of going to press the subjects and panel line ups have not yet been finalised. We have an interesting variety of topics already prepared and we will be selecting the most appropriate ones for the guests we end up with on the day.

The discussion panels are subject to a strict no-spoilers policy. Audience members may ask about anything from the first two seasons of the TV show or the first two books of the series but anything from the third book onwards should not be mentioned in these panels.

We also caution TitanCon members to avoid asking questions about future events of the TV show because the cast members have been forbidden by HBO from talking about it. At all. Seriously they can't say a word.

Please remember that some audience members have not read the books and are only going to watch the TV show so please be mindful about what you say regarding future events. This is one story you really don't want to have spoiled for you so please be careful. Offenders that cannot adhere to this rule and persist in breaking it will be asked to leave the convention. Please read our Code of Conduct for more information.

Please check the schedule when you arrive to find out what the discussion panels will be and who will be on them.

### Water Dancing Live! With Syrio Forel. Just so.

Miltos Yerolemou and stunt coordinator Johannah Playford will once again be putting prospective new Water Dancer recruits through their paces in this exciting workshop.

### Dothraki Jewellery Workshop

An opportunity for ten lucky fans to sit down with Emma Andrews, one of the talented *Game of Thrones* artisans and create your very own piece of Dothraki jewellery. All the materials will be provided for you including wooden beads and real horse hair from Emma's own horses to string it all together.

### Game of Thrones Extras

We salute the hard work and sacrifice of the *Game of Thrones* extras as they relate their experience of working on the first and second seasons of the show and provide real insight into what it takes to be an extra.

### Game of Thrones SPOILER discussion

This discussion is strictly for readers of *A Song of Ice and Fire* ONLY. There will be spoilers up to and including *A Dance With Dragons* so please do not attend if you have not finished book five because this is one series you definitely do not want to spoil for yourself. This discussion will include thoughts and ideas from the fans about the future direction of the TV show and also the books themselves.
